Mid-Year Board

Mid-Year Board was held on January 26-27, 2007 at the Best Western Conference Center in Alexandria, Louisiana. Reports on membership, decisions made by the executive board and bylaws updating the present were presented. Proposed changes to the handbook of policy and procedures were also presented.

President Wilson reported that Camille Moran, PSP & Equal Pay/ERA held a Hurricane Summit on April 22, 2006. State Representative (D)Willie Hunter , Monroe is the sponsor of and author of the Equal Pay For Women Act in Louisiana. He informed us about what we can do to assist him when he presents in on the floor. Less than two weeks later, he called us to Baton Rouge to testify at his Labor Relations and Industrial Board Meeting. Three of us testified, and when they voted on the bill, it passed. When the bill went to the senate, it was once again defeated. We shall continue and we will succeed.

Our state federation sponsored a Women's Equality Day in Baton Rouge at LSU. We honored women leaders of the 70's for their part in the Women's Movement for ERA. Our next action was to individually contact members of the Women's Caucus of the Louisiana Legislature for their support of ERA.

Thirty-one (31) members attended MidYear Board.
